## **Second Quarter of 2025 Financial Results**

### ***Net revenues***

Total net revenues were RMB2,620.4 million (US\$365.8 million) in the second quarter of 2025, a decrease of 2.6% from RMB2,691.4 million in the second quarter of 2024.

Value-added service revenues mainly include virtual gift revenues from various audio, video and text- based scenarios, and membership subscription revenues. Total value-added service revenues were RMB2,579.3 million (US\$360.1 million) in the second quarter of 2025, a decrease of 2.6% from RMB2,648.3 million during the same period of 2024. The decrease was primarily due to a soft consumer sentiment among top users in the current macro environment of Momo app, and to a lesser extent, the decline in Tantan’s paying users which was in turn due to the decline in user base. The decrease was partially mitigated by the rapid revenue growth from our overseas apps, driven by the strong performance of the relatively established brand-Soulchill, along with the monetization of a collection of new apps.

Other services revenues were RMB41.1 million (US\$5.7 million) in the second quarter of 2025, compared to RMB43.1 million during the same period of 2024.

Net revenues from Chinese mainland decreased from RMB2,435.1 million in the second quarter of 2024 to RMB2,177.9 million (US\$304.0 million) in the second quarter of 2025, primarily due to the decrease in net revenues from Momo app and Tantan app. Net revenues from overseas increased from RMB256.3 million in the second quarter of 2024 to RMB442.4 million (US\$61.8 million) in the second quarter of 2025, driven by the growth of Soulchill and incremental revenue from emerging brands.

### ***Cost and expenses***

Cost and expenses were RMB2,227.7 million (US\$311.0 million) in the second quarter of 2025, a decrease of 2.1% from RMB2,275.2 million in the second quarter of 2024. The decrease was primarily attributable to: (a) a decrease in Tantan’s marketing and promotional expense due to our continuous initiatives to control cost and optimize Tantan’s channel marketing strategy, partially offset by an increase in sales and marketing expenses related to the promotion of overseas apps; (b) a decrease in revenue sharing with broadcasters on Momo apps, which was partially offset by an increase in revenue sharing with virtual gift recipients for overseas apps; and (c) a decrease in production costs in connection with films.

Non-GAAP cost and expenses (note 1) were RMB2,183.6 million (US\$304.8 million) in the second quarter of 2025, compared to RMB2,223.8 million during the same period of 2024.

***Income tax expenses***

On August 27, 2025, the Company's WFOE, Momo Beijing, received a notice from the Chinese tax authorities requiring Momo Beijing to withhold tax at the standard rate of 10% instead of the previously applied preferential rate of 5%. As a result, the Company accrued an additional withholding tax of RMB547.9 million (US\$76.5 million). Of this total amount, RMB356.1 million (US\$49.7 million) was related to dividends paid by Momo Beijing in 2024 and in the first half of 2025, and this amount has been remitted in September 2025. The remaining RMB191.8 million (US\$26.8 million) represents additional withholding tax accrued for the undistributed retained earnings of Momo Beijing as of March 31st 2025. The RMB547.9 million (US\$76.5 million) accrual in withholding tax was for prior periods. This accrual is unrelated to the normal business operation of the current period and future periods. In the second quarter of 2025 and going forward, we will continue to accrue withholding tax for the dividends payable by Momo Beijing to Momo Hong Kong at the standard rate of 10%.

***Net income (loss)***
