(note 1) decreased to RMB59.9 million (US\$8.3 million) in the first quarter of 2024, from RMB471.9 million in the same period of 2023, mainly due to the accrual of withholding income tax of RMB448.6 million (US\$62.1 million) on historical undistributed earnings generated by our wholly-foreign owned enterprise ("WFOE").

"We have made steady progress in implementing our strategic priorities for Momo, Tantan, and our new endeavors since the beginning of the year," commented Yan Tang, Chairman and CEO of Hello Group. "Product innovation and our ability to leverage technological advancements have enabled Momo to play an important role in helping users discover new relationships and build meaningful interactions. This has laid a solid foundation for us to maintain user and revenue scale over the long term. I am also glad to see that our overseas team has accelerated the localization process to drive continued growth in the new endeavors. We look forward to delivering high quality social and entertainment services to a much broader user base global wise."

First Quarter of 2024 Financial Results

Net revenues

Total net revenues were RMB2,560.4 million (US\$354.6 million) in the first quarter of 2024, a decrease of 9.2% from RMB2,818.9 million in the first quarter of 2023.

Live video service revenues were RMB1,238.5 million (US\$171.5 million) in the first quarter of 2024, a decrease of 13.3% from RMB1,429.3 million during the same period of 2023. The decrease was primarily attributable to our proactive operational adjustments to de-emphasise large scale competition events in the Momo app and a soft consumer sentiment in the current macro environment, and to a lesser degree, Tantan pivoting away from the less dating-centric live video service.

^{*} This press release contains translations of certain Renminbi amounts into U.S. dollars at specified rate solely for the convenience of readers. Unless otherwise noted, all translations from Renminbi to U.S. dollars, in this press release, were made at a rate of RMB7.2203 to US\$1.00, the effective noon buying rate for March 29, 2024 as set forth in the H.10 statistical release of the Federal Reserve Board.

Value-added service revenues mainly include virtual gift revenues and membership subscription revenues. Total value-added service revenues were RMB1,294.4 million (US\$179.3 million) in the first quarter of 2024, a decrease of 4.9% from RMB1,361.5 million during the same period of 2023. The decrease was primarily due to our product adjustments to improve Momo app's ecosystem as well as the impact of the macro economy on consumer sentiment, and to a lesser extent, the decline in Tantan's paying users. The decrease was partially offset by the rapid revenue growth from the new standalone apps.

Mobile marketing revenues were RMB26.6 million (US\$3.7 million) in the first quarter of 2024, an increase of 26.2% from RMB21.1 million during the same period of 2023.

Mobile games revenues were RMB0.4 million (US\$0.1 million) in the first quarter of 2024, a decrease of 88.3% from RMB3.7 million in the first quarter of 2023.

Net revenues from the Momo segment decreased from RMB2,510.1 million in the first quarter of 2023 to RMB2,318.9 million (US\$321.2 million) in the first quarter of 2024, primarily due to the decrease in net revenues from value-added service and live video service on Momo app. The decrease was partially offset by the revenue growth of the new standalone apps. Net revenues from the Tantan segment decreased from RMB308.6 million in the first quarter of 2023 to RMB241.5 million (US\$33.4 million) in the first quarter of 2024, mainly due to the decrease in net revenues from live video service, and to a lesser extent, the decrease from value-added service.

Cost and expenses

Cost and expenses were RMB2,120.0 million (US\$293.6 million) in the first quarter of 2024, a decrease of 12.4% from RMB2,419.1 million in the first quarter of 2023. The decrease was primarily attributable to: (a) a decrease in revenue sharing with broadcasters related to live video service on Momo app and Tantan app, and a decrease in revenue sharing with virtual gift recipients of virtual gift service on Momo app. The decrease was partially offset by an increase in revenue sharing with virtual gift recipients for new standalone apps; (b) a decrease in salary expenses and share-based compensation expenses, due to our continuous optimization in personnel costs and the newly granted share options which had lower fair value; (c) a decrease in sales and marketing expenses due to less marketing and promotional spend on live video service and our strategy to trim inefficient channel marketing spend.

Non-GAAP cost and expenses (note 1) were RMB2,065.3 million (US\$286.0 million) in the first quarter of 2024, a decrease of 11.6% from RMB2,337.4 million during the same period of 2023.

Income from operations

Income from operations was RMB460.3 million (US\$63.8 million) in the first quarter of 2024, compared to RMB436.2 million during the same period of 2023. Income from operations of the Tantan segment was RMB28.6 million (US\$4.0 million) in the first quarter of 2024, which increased from RMB5.2 million in the first quarter of 2023.

Non-GAAP income from operations (note 1) was RMB515.0 million (US\$71.3 million) in the first quarter of 2024, compared to RMB517.8 million during the same period of 2023. Non-GAAP income from operations of the Momo segment was RMB488.5 million (US\$67.7 million) in the first quarter of 2024, which decreased from RMB507.5 million in the first quarter of 2023. Non-GAAP income from operations of the Tantan segment was RMB28.8 million (US\$4.0 million) in the first quarter of 2024, compared to RMB14.5 million in the first quarter of 2023.

Income tax expenses

Income tax expenses were RMB557.6 million (US\$77.2 million) in the first quarter of 2024, compared to RMB122.6 million in the first quarter of 2023. In the first quarter of 2024, we accrued an income tax expenses of RMB109.0 million (US\$15.1 million) associated with the profit generated in this quarter. Additionally, we accrued a withholding income tax of RMB448.6 million (US\$62.1 million) associated with our WFOE's historical undistributed earnings for the potential remittance of earnings from our WFOE to its offshore parent company in the form of dividend distribution. Because we believe that we might continue to distribute the WFOE's undistributed earnings in the future to fund our demands in overseas business operations, payments of dividends, potential investments, etc, to be prudent, we accrued withholding tax on the total balance of undistributed earnings of our WFOE as of March 31, 2024. From the first quarter of 2024, dividends paid by our wholly foreign-owned subsidiary in the Chinese mainland to its offshore parent company in Hong Kong are qualified for the preferential withholding tax rate of 5% under the Arrangement between the PRC and the Hong Kong Special Administrative Region on the Avoidance of Double Taxation and Prevention of Fiscal Evasion with respect to Taxes on Income, instead of the normal withholding tax rate of 10%.

Net income from the Tantan segment was RMB28.2 million (US\$3.9 million) in the first quarter of 2024, compared to RMB4.5 million in the first quarter of 2023.

Note 1: Non-GAAP measures

To supplement our consolidated financial statements presented in accordance with U.S. generally accepted accounting principles ("GAAP"), we, Hello Group, use various non-GAAP financial measures that are adjusted from the most comparable GAAP results to exclude share-based compensation.

Reconciliations of our non-GAAP financial measures to our U.S. GAAP financial measures are shown in tables at the end of this earnings release, which provide more details about the non-GAAP financial measures.

Our non-GAAP financial information is provided as additional information to help investors compare business trends among different reporting periods on a consistent basis and to enhance investors' overall understanding of the historical and current financial performance of our continuing operations and our prospects for the future. Our non-GAAP financial information should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to the GAAP results. In addition, our calculation of the non-GAAP financial measures may be different from the calculation used by other companies, and therefore comparability may be limited.

Our non-GAAP information (including non-GAAP cost and operating expenses, income (loss) from operations, net income (loss), net income attributable to Hello Group Inc., and diluted net income per ADS) is adjusted from the most comparable GAAP results to exclude share-based compensation. A limitation of using these non-GAAP financial measures is that share-based compensation has been and will continue to be for the foreseeable future significant recurring expenses in our results of operations. We compensate for such limitation by providing reconciliations of our non-GAAP measures to our U.S. GAAP measures. Please see the reconciliation tables at the end of this earnings release.
